

Spring 2023

ELIADA CAMPUS FARM

Spring on the farm

2022 IMPACT ASSESSMENT HIGHLIGHTS

- 2,300lbs of food grown
- 12,000 corn maze attendees
- \$72,500 raised for farm program support
- 97% of food grown on the farm serving Eliada programs. 3% sold to the community

EDUCATION+WHAT'S GROWING

This spring semester students in elementary and middle school will be spending a lot of time planting our growing spaces alongside learning about how to care for our plants and basic plant physiology. High school students started a Biology unit. All students will be helping to install our new berry patch this spring, pictured on the left side of the photo above.
